Holistic Success Video Series

This year, we launched the Holistic Success Video Series, a four-part series created exclusively for SikhNet by Bhupinder Singh. Drawing from his wealth of life experience and deep connection with Sri Guru Granth Sahib, Bhupinder Singh shares powerful insights to inspire and guide viewers on their journey to holistic success.

Bhupinder Singh looks at the four wealth's: **Physical, mental, emotional and spiritual** and how it is only achieving the balance between these four wealth's that can bring us to

holistic success. Guru is so important that nothing can be experienced without that, material and mental wealth is compromised in the absence of Guru. In the absence of Guru, we can hurt ourselves with things such as stress, burnout and anxiety.
